

The Free Testament: Of a Bound Genius (Paperback)

By John O Loughlin

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Beginning with doubts about a certain numeral too often used in religious connections, this title progresses through a development of the author's own religious theories and numerals towards a conclusion which, whilst not entirely removed from the magical number cited at the beginning, endorses a rather larger figure when once the numbers attaching to his divisions and subdivisions of each axis - descending and ascending, female and male - have been multiplied by four in relation to what has been regarded as the principal stages of both death and life as applying to Element-conditioned environmental norms, from the cosmos and nature to mankind and cyborgkind, the latter of which is, according to John O Loughlin, already here, if rather more so on sensual than on sensible terms at present. Nevertheless this title is about a lot more than numbers, however significant or insignificant one chooses to regard them, being an extension of and refinement upon John O Loughlin's recent axial theorizing in a variety of previous books which, frankly, leaves little or nothing to be desired...
