It s a culture, legitimized, and defended, by an incomparable set of words, formulated into a Constitution, miraculously fashioned by an elite group of men, who carried the wisdom of God, and the ages, in their bosoms, granting the American citizen a unique legacy. This legacy has been gratuitously bestowed, on all peoples who have been legitimately drawn to this generous nation, requiring only that they love America, to become a part of its destiny. But in a short period of barely two generations of Americans, this unique culture has been taken to the brink of destruction. It is in danger of being transformed into a Banana Republic type, third world style culture. By the use of, not so free markets, and a misdirected compassion, constantly fed to the American middle class, by an unrelenting combination of money first, multi-cultural, corporate elites, and one world academics, each having a direct line to the media moguls. They are changing the face of America by the reconstruction of the independent, resourceful, patriotic American, into only a one world cipher. These elites are degrading the American middle class with illegal Mexican invaders, who are untrained, diseased, and unwilling to accept America, but willing to accept the manipulations of these business, academic and political elites. The book concludes that only a politically incorrect retaking of America by those same middle class American citizens, will preserve our unique culture, and keep America from becoming the land that was.
