INDIGENOUS YOUTH AND MULTILINGUALISM: LANGUAGE IDENTITY, IDEOLOGY, AND PRACTICE IN DYNAMIC CULTURAL WORLDS

Routledge, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This text will be valuable to scholars of multilingualism, youth studies scholars, indigenous studies scholars, and those interested in community-driven research practices, and therefore provides a great resource to students at many levels who would be drawn to such community engaged work so that they can do so ethically and with the community needs in mind." Jessica Bardill, East Carolina University ".a much-needed exploration of language practices, policy implementation, and advocacy efforts among Indigenous youth living in the United States and around the world. The ethnographies will challenge readers to engage in socially conscious ethnographic research and consider their responsibility to support ongoing language revitalization efforts around the globe." Guadalupe Valds, Stanford University , USA "Finally, scholars and students have a resource that accounts for the vitality and massive diversity of Indigenous youth communicative repertoires. This path-breaking volume tackles the important and neglected work of exploring the relationship between ever-morphing indigenous youth cultural practice and the traditional goals of language policy and planning. " Betsy Rymes, The University of Pennsylvania, USA "This book raises important questions about existing conceptualizations of language maintenance and language shift. It fills a gap in our knowledge of Indigenous youth and provides important insights about language and identity." Ariana Mangual Figueroa, Rutgers University Graduate School of Education, USA "Throughout the book, young people's love of their language expresses itself, whether that love is there from the beginning or learned later. The future of their Indigenous languages is in their hands. Thanks to the editors and authors in this volume, the literature on language loss and revitalization now includes the voices of this critical young generation." Leanne Hinton, Professor Emerita of Linguistics at the University of California-Berkeley, USA, from the...
